FACTS FOR THE PEOPLE: A brief but forcible review of the issues now before the country, including the tariff policy of the party in power. This document was prepared by one of the most | Owen county, wounded in arm and leg; Harrison eminent citizens of Indiana, and is admirably adapted to enlighten the people upon the present condition of public affairs. A copy should be placed in the hands of every voter in Indiana, of Vandalia, Illinois, wounded in hand; It is issued in pamphlet form of 16 pages. Price, George Dale, 16th Battery, of Logansport, sick, \$1 per hundred.

CONSPIRACY TO DISSOLVE THE UNION-The immediately after the election of 1860, is demonstrated by extracts from leading Republican papers. And the speech of Judge W. M. McCarry, before the Democratic Convention of Shelby county, vindicatory of the right of free speech, and reviewing the political blunders of the party in power. Both published in a pamphlet of eight pages. Price, 50 cents per hundred.

MARION COUNTY TEACHERS' ASSOCIATION .-The next meeting of this association will be held at the First Ward School Building in this city, on Saturday, September 13, 1862, commencing at 10 o'clock A. M. Every teacher in the coun-

ty is invited to be present. Cyrus Smith, Secretary. ICE, ICE.-The greatest luxury in warm weath-

er is ice. Without it how could we endure the heated term? Blessed be the man that invented ice-ice in summer. Mr. Geo. W. Pitts, on Vermont street, has the nicest, cleanest and most transparent ice which he delivers each morning to his customers. Call on Mr. Pitts and he will keep you cool. The 55th regiment of three months' men

were yesterday paid and mustered out of service. The most of this regiment escaped from the disastrous fights about Richmond, Kentucky, and brought off their arms. The men speak highly of their Colonel, Mahon, for the manner in which he held them together and led them out of the net work the enemy had set for them Several of the companies were from Putnam county.

AMUSEMENTS -The Holman Opera Troupe appear to night at the Metropolitan, and will, of course, be we comed by hosts of admirers. We predict a crowded house. Our citizens should secure seats early at the box office, which will be open for that purpose from 10 A. M. to 2 P. M. The Reynolds Sisters also make their appear-

ance at Masonic Hall this evening under the man agement of Alf Howard, and will give a series of musical entertainments.

Two soldiers got into a row on the corner of Washington and Illinois street last evening, and soon attracted quite a crowd. One got a severe fall in making a desperate lunge at the oth er, and got his head badly cut by the bricks of the sidewalk. The brick in his hat assisted his fall. There came near being a general row, but the matter finally quieted down, and a guard marched one of the combatants off. The other escaped through the crowd.

DEPARTURE OF TROOPS -The 85th regiment, Colonel Baird, left on Saturday evening for Cincinnati. They marched up Washington street on their way to the depot and made a fine display. A Wisconsin regiment commanded by Colonel Larrabee, the 24th, passed through the city about 8 o'clock on Saturday night en route for Louis-

Two regiments from Illinois also passed through -one of them the 104th. The 86th left last night for Cincinnati.

PERSONAL .- Col. Foster, of the 13th, arrived at home on Saturday on a brief visit. The regiment is at Suffork, seventeen miles from Fortress Monroe. Col. Foster fully confirms the reports of the popularity of Gen. McClellan with the army. The officers and soldiers have unbounded confidence in him, and his appearance always creates the wildest enthusiasm. They would follow him any where, without question, hesitation, or doubt. The removal of Secretary Stanton was a necessity.

ANOTHER SHOOTING AFFAIR - Another shooting affair came off on Saturdar hight, originating at Caylor's Saloon, No. 222 East Washington street. It appears that a number of men belonging to the 11th Battery went into the seraglio attached to the establishment, or demanded admittance thereto, and were driven off by Caylor. He afterwards followed them to the house of a man named Smith, and shot one of the party. At half past seven o'clock vesterday evening a number of soldiers threatened to demolish Caylor's house, but were induced to defer their revenge until this evening. These are the facts as given to us late last night, and if true the authorities should see that peace is preserved. We did not learn whether Cavlor was arrested or not.

Ice.-Mr. Joseph Butsch, one of the most ensprising ice dealers of the Northwest, has, as ie instructs us to announce, an abundance of ice for home consumption, and also plenty for for-eign-trade. All orders from dealers abroad will be promptly filled. Mr. Butsch's residence is South street, No. 48, where all orders may be left. Communications through the Postoffice promptly attended to.

Drs. Bullard and Parvin left last evening on the train with the 85th regiment, for Cincinnati, to proceed from thence under a flag of truce via Lexington, to Richmond, Ky. They take with them a full supply of medicines and stores, and money to provide such comforts for our wounded as can be procured. Those who are able to be moved will be brought home, and those who are not will have every attention that can be bestowed upon them. Governor Morton is leaving no effort unmade to succor and relieve our brave men who have been disabled in the sad disaster in Kentucky.

Bryant's Commercial College, which reopens this morning, presents every facility for a complete business education to be wished for or found, and is the only place we know of where all is taught that is promised, as the principal is himself fully capable to teach all the branches without being compelled to rely upon transient assistants, who, perhaps, never saw a well kept set of books or counting house. We can mention among the pupils of Bryant, C. Dickson, book-keeper for H. A. Fletcher & Co.; Jas. Matlock, bookkeeper for Andy Wallace; Wm. T. Boaz. Cincinnati Railroad office; Joseph S Gold, at T. Ryan & Co's; S. Corbaley, at Grosvenor & Turner's, and J. Klingensmith, to each of whom we would refer persons about to enter such a school.

THE BATTLES NEAR RICHMOND, KENTUCKY existence of a plot among Republican leaders to The city has been full of soldiers for a few days destroy the Union, by a separation of the States, past who participated in the battles with the rebels under Kirby Smith, in Kentucky. Our loss is much heavier than first reported in killed and wounded, and the number of prisoners was also large. The rebels have made a fine haul in arms, for comparatively few of those who escaped without capture brought their armsaway, and the ene my would of course eagerly scour the country to gather them up.

The paroled prisoners all say they were well treated by the rebels. The defeat was a bad one but was far from disgraceful. The men showed extraordinary plack or they never could have been rallied to make three seperate fights against overwhelming numbers. They concur in the expres-sion of the opinion that Gen. Manson would have got the army away if Gen. Nelson had not ar rived and insisted upon making a third stand. They one and all denounce Gen. Nelson as an overbearing, brutal tyrant. Gen. Manson stood by his men and shared their fate.

WASHINGTON, September 5 .- The city main tains its usual quiet. To news from the front. Everything in the military line is working well and a feeling of security everywhere prevails. A report prevailed this morning of a battle last night or vesterday afternoon, at or near Pooles ville, but nothing can be ascertained to confirm it. Hon. James Edgar is now here remonstrating against the removal of the buildings of the Hy gen Hotel, at Old Point, as recommended. General Burnside's troops are by this time in proper position. Some of them were not long

ago seen in this vicinity. Yesterday afternoon the rebels fired about twenty shots from Ball's Bluff, upon a little canal steamer, the Flying Cloud, which plies between Georgetown aint Harper's Ferry; nobody hurt. The steamer has returned to Georgetown.

The Treasury Department issues very little more of the new currency than enough to fill the place of the old demand notes so fast as it retires them-probably not more than ten million dollars within the last three months over and above the amount retired.

Garret Davis, United States Senator from Kentucky, and Mr. Maynard, from Tennessee, are here to confer with the Executive as to the steps that must be taken to rid Kentucky of rebels. The rebel company had gathered up along the route thirty eight negroes, who were tied and destined for Richmond. The rebel prisoners were conscripts, and were intended to fill up old regi-
